Dear Contributor(s):

Thank you for submitting your Contribution for publication. In order to expedite the editing and publishing process and enable the Serbian Biological Society to disseminate your Contribution to the fullest extent, we need to have this Open Access Agreement executed. If the Contribution is not accepted for publication, or if the Contribution is subsequently rejected, this Agreement will be null and void. **Publication cannot proceed without a signed copy of this Agreement.**

The Contribution will be made Open Access under the terms of the Creative Commons Attribution license (CC-BY), which permits use, distribution and reproduction in any medium, provided that the Contribution is properly cited.

The Contributor or, if applicable, the Contributor's Employer, retains all proprietary rights in addition to copyright, such as patent rights in any process, procedure or article of manufacture described in the Contribution.

In order to facilitate dissemination of the Contribution in accordance with the paragraph above, the Contributor grants to the Publisher, during the full term of the Contributor's copyright and any extensions or renewals, a non-exclusive license of all rights of copyright in and to the Contribution, and all rights therein, including but not limited to the right to publish, republish, transmit, sell, distribute and otherwise use the Contribution in whole or in part in electronic and print editions of the Journal and in derivative works throughout the world, in all languages and in all media of expression now known or later developed, and to license or permit others to do so.

If the Contribution was prepared jointly, the Contributor has informed the co-Contributors of the terms of this Agreement and has obtained their written permission to execute this Agreement on their behalf. The Contribution is submitted only to one Journal and has not been published before, has not been included in another manuscript, and is not currently under consideration or accepted for publication elsewhere. If excerpts from copyrighted works owned by third parties are included, the Contributor shall obtain written permission from the copyright owners for all uses as set forth in the Creative Commons license and show credit to the sources in the Contribution. The Contributor also warrants that the Contribution and any submitted Supporting Information contains no libelous or unlawful statements, does not infringe upon the rights (including without limitation the copyright, patent, or trademark rights) or the privacy of others, result in any breach of confidentiality, violate a contract or any law, or contain material or instructions that might cause harm or injury. The Contributor further warrants that there are no conflicts of interest relating to the Contribution, except as disclosed. Accordingly, the Contributor claims that the following information shall be clearly identified on the title page of the Contribution: (1) all financial and material support for the research and work; (2) any financial interests the Contributor or any co-contributors may have in companies or other entities that have an interest in the information in the Contribution or any submitted Supporting Information (e.g., grants, advisory boards,
